

## COMPLETED PROJECTS, 2010 - 2019

YEAR	CONSULTATIONS	CLIENT
2018	Facilitation of the Robben Island Museum Charrette to improve the readiness of the organisation to implement the 3 <sup>rd</sup> Integrated Conservation Management Plan (ICMP) and for development planning	Robben Island Museum (RIM), South Africa
	<i>The work involves assisting Robben Island Museum with the selection of participants, facilitation and write-up of the proceedings of the Charrette which includes expectations, guiding principles and imperatives for development planning and adaptive-use of the built environment.</i>	
2018	Development of a Heritage Management Plan for Nature Reserves in Limpopo – Phase 1	Department of Economic Development, Environment & Tourism, Limpopo Province, South Africa
	<i>The work involves development of a Heritage Management Plan for Nature Reserves in Limpopo Province - Phase one (1), which includes seventeen (17) sites that are situated in the Waterberg and Mopani Districts.</i>	
2018	Development of an Integrated Conservation Management Plan (ICMP) for the Castle of Good Hope	Department of Defence, South Africa
	<i>The work involves developing an Integrated Conservation Management Plan (ICMP) for the Castle of Good Hope over a period of 2 years, by recording and identification, assessment and significance, documenting conservation management policies and guidelines, accessibility and carrying capacity, interpretation, and skills transfer.</i>	
2018	Socio-economic Impact Study of Tourism on the North-West Province Communities	Department of Tourism, North West Province, South Africa
	<i>The work involves conducting a measurement of the socio-economic</i>	

## COMPLETED PROJECTS, 2010 - 2019

YEAR	CONSULTATIONS	CLIENT
	<i>impact of tourism on the community of the North West Province, the level of impact on tourism in cities with high tourism activity and the impact within Villages, Townships, and Small Dorpies.</i>	
2018	<i>Establish Site Management Authorities (Committees) as well as an overall Management Authority for the proposed Modern Human Origins World Heritage Site</i>	Heritage Western Cape (HWC), South Africa
	<i>The work involves advising HWC on representation on management bodies and determining the integrated management responsibilities for inclusion in an overall Integrated Conservation Management Plan (ICMP). In addition, it involves determining the framework for day-to-day operations of the Management Authorities and capturing them in a set of statutes that govern operations, as well as inducting each of the Management Authorities.</i>	
2017	Cultural Heritage Survey for the Mountain Zebra-Camdeboo Protected Area Environment, Eastern Cape, South Africa	South African National Parks (SANParks), South Africa
	<i>The work involves conducting a baselines survey to verify reported sites and create an inventory of the sites, as well as to create management plans for significant sites to guide management.</i>	
2017	Review of the 2 <sup>nd</sup> Integrated Conservation Management Plan (ICMP) for Robben Island Museum World Heritage Site	Robben Island Museum (RIM), South Africa
	The work involves reviewing of the 2 <sup>nd</sup> ICMP for Robben Island Museum.	
2017	Production of a 10 min video narrating the impact of the EcoFish Project on Fisheries Management in the Benguela Current Large Marine Ecosystem (BCLME) region	Benguela Current Convention (BCC)/FOP Films, Namibia

## COMPLETED PROJECTS, 2010 - 2019

YEAR	CONSULTATIONS	CLIENT
	<i>The work involves the production of a 10 min video narrating the impact of the EcoFish Project on Fisheries Management in the BCLME region.</i>	
2017	Integrated Feasibility Study Report for the Project: Coastal cities as sustainable economic hubs – Inhambane Province, Mozambique	International Union for Conservation of Nature (IUCN), Mozambique
	<i>The work involves compilation of an Integrated Feasibility Study Report on the impacts of climate change on the coastal urban communities in four municipalities in the Inhambane Province in Mozambique.</i>	
2017	Undertake an Integrated Carrying Capacity Study for Robben Island Museum World Heritage Site	Robben Island Museum (RIM), South Africa
	<i>The work involves undertaking a carrying capacity study of Robben Island and all subsidiary sites, including all current tourism sites and additional sites to be opened to the public.</i>	
2017	Produce a Conservation Plan for the Cultural Heritage Resources at Flat Island, Mauritius	Aapravasi Ghat Trust Fund (AGTF), Mauritius
	<i>The work includes an assessment of the cultural heritage on Flat Island, evaluation of the current condition, recommendations for the preventative and curative conservation of the cultural heritage and producing a Conservation Plan for the Cultural Heritage Resources at Flat Island.</i>	
2016	Feasibility study for add-on services to CapeNature's Tourism Products (providing jobs and SMME opportunities for local communities)	The Travel Foundation/ CapeNature, South Africa
	<i>The work involves undertaking a feasibility study which includes demand and supply surveys and analysis for add-on services to CapeNature's Tourism Products for the</i>	

## COMPLETED PROJECTS, 2010 - 2019

YEAR	CONSULTATIONS	CLIENT
	<i>purpose of providing jobs and SMME opportunities for local communities.</i>	
2016	Preparation of the Nomination Dossier for the Human Rights, Liberation & Reconciliation: The Nelson Mandela Legacy Sites, in South Africa	National Heritage Council (NHC), South Africa
	<i>The work involves developing an amplified World Heritage Listing Dossier for the Human Rights, Liberation &amp; Reconciliation: Nelson Mandela Legacy Sites, in South Africa, meeting standards required by UNESCO's World Heritage Committee and of the Department of Environmental Affairs. In addition, the work involves development of ten (10) Integrated Conservation Management Plans (ICMPs) for each of the sites.</i>	
2016	Development and implementation of National Plans of Actions (NPOAs) and regulations as well as development of mitigation policies and regulations to reduce threat to species and habitats	Benguela Current Convention (BCC), Namibia
	<i>The work involves the development and implementation of National Plans of Actions (NPOAs) and regulations for by-catch and ghost fishing for vulnerable marine species, notably seabirds and sea turtles in line with the provisions of the FAO Code of Conduct for Responsible Fisheries as well as the concept of ecosystem approach to fisheries management. Additionally, the project is aimed at developing mitigation policies and regulations to reduce alteration/destruction of mangroves (mainly in Angola) and other vulnerable coastal areas.</i>	
2016	Development of three Integrated Conservation Management Plans for the proposed Modern Human Origins World Heritage Site within the Western Cape	Heritage Western Cape (HWC), South Africa

## COMPLETED PROJECTS, 2010 - 2019

YEAR	CONSULTATIONS	CLIENT
	<i>The work involves the drafting of an Integrated Conservation Management Plan (ICMP) for each of the three sites for the Modern Human Origins Serial Nomination, meeting standards required by UNESCO's World Heritage Committee and of the Department of Environmental Affairs.</i>	
2015	Development of the Integrated Disaster Risk Management Plan for Robben Island Museum and World Heritage Site	Robben Island Museum (RIM), South Africa
	<i>The work involves a full and comprehensive disaster risk assessment, facilitation of workshop for stakeholders, consolidation of data and development of Integrated Disaster Risk Management Plan (IDRMP), as well as the facilitation of the training on the implementation of the IDRMP to Robben Island Museum officials.</i>	
2015	Development of the KwaZulu-Natal Environment Outlook Report (EOR)	Department of Economic Development, Tourism and Environmental Affairs (EDTEA), KwaZulu-Natal Province, South Africa
	<i>The work involves producing a comprehensive Environment Outlook Report for the KwaZulu-Natal Province. It includes a desktop review, stakeholder engagement, identification of a list of critical indicators, development of a monitoring protocol for the identified indicators, training and capacity building, and an implementation and maintenance plan.</i>	
2015	Business Planning and Investment Strategist to undertake a Comprehensive Investment Business Case of the Income Generation potential of CapeNature Managed Protected Areas	CapeNature, South Africa

## COMPLETED PROJECTS, 2010 - 2019

YEAR	CONSULTATIONS	CLIENT
	<i>The work involves undertaking a Comprehensive Investment Business Case of the Income Generation potential of CapeNature Management Protected Areas.</i>	
2015	Strategic Environmental Assessment (SEA) of the Integrated Regional Land-Use Plan for the Otjozondjupa Region - Programme for Communal Land Development (PCLD)	Ministry of Land Reform, Namibia
	<i>The work involves undertaking a Strategic Environmental Assessment (SEA) of the Integrated Regional Land-Use Plan (IRLUP) for the Otjozondjupa region, which includes the development of a status quo of the region, summarizing all planning relevant baseline data including infrastructure, demographics, climate, water resources, land ownership, and present land uses such as mining, tourism, agriculture, fisheries, conservation; environmental and social key issues in their current situation and likely future development as well as ecosystem goods and services.</i>	
2015	Development of the GEF-SGP Country Programme Strategy for the 6th Operational Phase	United Nations Development Programme (UNDP) / International Knowledge Management (IKM)
	<i>The work involves multi-stakeholder consultations, development of baseline assessment(s) of priority identified landscape(s), and elaboration of the Country Programme Strategy (CPS) for the 6th Operational Phase in close coordination with the SGP National Coordinator, Programme Assistant and National Steering Committee (NSC) in South Africa.</i>	
2015	Development of Protected Area Integrated Management Plans for Ohrigstad Dam	Mpumalanga Tourism and Parks Agency (MTPA),

## COMPLETED PROJECTS, 2010 - 2019

YEAR	CONSULTATIONS	CLIENT
	Nature Reserve, Nooitgedacht Nature Reserve, SS Skosana Nature Reserve, Andover Nature Reserve, Bushbuckridge Nature Reserve, and Verloren Valei Nature Reserves	South Africa
	<i>The work involves providing technical support towards the short, medium and long term planning, development and implementation of the protected areas. The work also involves the compilation of Zonation Plans, Tourism Master Plans, Project Implementation Plans (PIPs) for each protected area.</i>	
2015	Development of a Tourism Development Plan (TDP) for Dorob National Park	Ministry of Environment and Tourism, Government of Namibia, and Namibian Coast Conservation and Management Project (NACOMA)
	<i>The work involves the development of a detailed Tourism Development Plan (TDP) for the DNP that includes a feasibility assessment of proposed concessions, setting carrying capacities or thresholds, management actions and tourism impact monitoring within the context of the Park's zonation plan, also taking into account the relevant components listed and described in the management plan.</i>	
2015	Development of Strategic Plan for Oman Heritage Projects Development and Management Company (OHPDMC)	Oman Heritage Projects Development & Management Company (OHPDMC), Oman
	<i>The work involves defining OHPDMC's mandate, by placing it in the context of the national heritage tourism development efforts and relevant urban planning strategies. To provide relevant peer benchmarks, comparables and lessons learned and also define expected medium and long term socio-economic impacts of the outlined strategy.</i>	

## COMPLETED PROJECTS, 2010 - 2019

YEAR	CONSULTATIONS	CLIENT
2015	Support for the development of training program for fishermen in Masaola, Madagascar, to assist in improving the protection of Marine Reserves and Lifestyle Diversification to reduce the pressure of illegal fishing on the Masaola MPA's	Indian Ocean Commission / International Knowledge Management (IKM)
	<i>Assist in improving the protection of the park and marine reserves, and lifestyle diversification to reduce the pressure of illegal fishing on the Masoala MPAs, by providing training to stakeholders.</i>	
2015	Development of the Limpopo Environment Outlook Report (EOR)	Department of Economic Development, Tourism and Environmental Affairs, Limpopo Province, South Africa
	<i>The work involves producing a comprehensive Environment Outlook Report for the Limpopo Province. It includes a desktop review, stakeholder engagement, identification of a list of critical indicators, development of a monitoring protocol for the identified indicators, training and capacity building, and an implementation and maintenance plan.</i>	
2014	Preparation of a feasibility study for the Blue Flag Program in Mauritius	Ministry of Tourism and Leisure, Republic of Mauritius
	<i>Prepare a feasibility study for three selected beaches and recommend one most appropriate beach for the implementation of the Blue Flag programme. The work involves a detailed analysis of the environmental considerations, taking into account waste management (such as segregation of wastes, ensure bins are cleaned daily, amongst others), water (including rainwater harvesting and conservation), energy (options on energy savings</i>	

## COMPLETED PROJECTS, 2010 - 2019

YEAR	CONSULTATIONS	CLIENT
	<i>devices) and marine conservation (protection of marine ecosystem), landscaping, construction methods (taking into consideration the site specificities of each beach making use of environmental friendly methods, green building guidelines, among others).</i>	
2014	Conducting a Heritage and Visual Impact Assessment for the Taung Skull World Heritage Site	North West, Department of Rural, Environmental and Agricultural Development, South Africa
	<i>Assessment of the cultural heritage value of the Taung Skull World Heritage Site and its diverse heritage resources for the development of a Heritage Impact Assessment Management Plan.</i>	
2014	The facilitation of heritage and conservation issues, research and documentation of history and some generic needs of the Taung Skull World Heritage Site (WHS) on behalf of the Management Authority	North West, Department of Rural, Environmental and Agricultural Development, South Africa / International Knowledge Management (IKM)
	<i>The work involves the facilitation of heritage and conservation issues, research and documentation of history and some generic needs of the Taung Skull World Heritage Site (WHS) on behalf of the Management Authority.</i>	
2014	Development of the Global Environmental Studies (GES) Course	Cape Peninsula University of Technology (CPUT), South Africa
	<i>Developed outlines, lecture notes, presentations, compilation of recommended readings, and assessments for six modules focusing on Biodiversity, Land, Freshwater Resources, Marine and Coastal Resource, Energy Resources and Impacts, and Climate Change and Air Pollution.</i>	

## COMPLETED PROJECTS, 2010 - 2019

YEAR	CONSULTATIONS	CLIENT
2014	Expanding coverage and strengthening management effectiveness of the protected area network on the island of Mauritius	National Parks and Conservation Service, Ministry of Agro-Industry and Food Security, Republic of Mauritius
	<i>Preparation of the Protected Area Network (PAN) Mauritius Implementation Strategy and the development of a framework for the expansion and management of Protected Area in Mauritius. The work involves extensive engagement with all public and private stakeholders in the sector of biodiversity, forestry, agricultural, land-use planning, environment and ecology, and tourism.</i>	
2013	Conduct Stakeholder Engagement for the Bushbuckridge Project in Mpumalanga Province for the Development of an Integrated Local Economic, Biodiversity and Catchment Management Plan	Department of Environmental Affairs (DEA), South Africa
	<i>The work involves supporting the Department of Environmental Affairs in conducting extensive Stakeholder Engagement for an Integrated Local Economic, Biodiversity and Catchment Management Project in Bushbuckridge area, Mpumalanga Province.</i>	
2013	Input towards Local Economic Development (LED) Plan for Elands Bay on the West Coast of South Africa	UNDP/Benguela Current Commission (BCC)
	<i>The work involved engagement and interviews with the local community and key role players, and the compilation of a Report providing Input Towards the Local Economic Development (LED) Plan for Elands Bay.</i>	
2013	Develop a guideline document that aims to unlock sustainable economic development potential on land reform projects located within areas of biodiversity importance	Department of Rural Development and Land Reform (DRDLR), South Africa

## COMPLETED PROJECTS, 2010 - 2019

YEAR	CONSULTATIONS	CLIENT
	<p><i>The work involves the development of a guideline document that supports sustainable economic development on land reform projects that are located within areas of biodiversity importance, as well as the development of a database of strategic partners with expertise and interest on nature (and culture) based tourism and the wildlife economy, green jobs, green property development, conservation agriculture, grazing management, sustainable harvesting, etc. and their roles in the development process. Furthermore, the work involves the development of a separate abridged guideline document for ease of reference by land owners, government officials, investors and conservation authorities.</i></p>	
2013	<p>Development of a National Strategy for Coastal Awareness, Education and Training (AET) in South Africa</p>	<p>Department of Environmental Affairs (DEA), South Africa</p>
	<p><i>The work involves extensive engagement with coastal stakeholders, including national, provincial, district and local governments, tertiary institutions, non-governmental organisations, conservation agencies and community-based organisations. The National Strategy for Coastal (AET) is aimed at integrated coastal management that will enable the effective planning, development, monitoring and evaluation of AET initiatives and programmes in South Africa, alongside the Integrated Coastal Management Act (Act No. 24 of 2008) (ICM Act). Part of the work involve developing an inventory and needs analysis of all coastal Awareness, Education and Training (AET), programmes and initiatives within South Africa</i></p>	

## COMPLETED PROJECTS, 2010 - 2019

YEAR	CONSULTATIONS	CLIENT
2013	Transboundary Water Management in SADC (SADC-RBO video documentaries)	Deutsche Gesellschaft für Internationale Zusammenarbeit (GIZ) GmbH
	<i>These documentaries was aimed to raise awareness and develop stories through visual means with a campaign goal for relevant stakeholders in the SADC Water Sector and selected river basins to gain awareness of the key issues and opportunities in the SADC Water Sector and the respective basins. The work involves conducting large-scale stakeholder involvement in five transboundary river systems (i.e. Kunene &amp; Cuvelai, Limpopo, Orange-Senqu, Ruvuma, Zambezi) that includes 10 countries: The project works through technical committees of government officials and other stakeholders, from ground level to inter-government organizations, and is proceeding under the South African Development Community (SADC) umbrella that includes Angola, Botswana, Lesotho, Malawi, Mozambique, Namibia, South Africa, Tanzania, Zambia and Zimbabwe.</i>	
2013	Environmental Screening: Baseline study for a diesel storage and infrastructure site on Robben Island	Robben Island Museum (RIM)
	<i>Conduct a high-level rapid assessment of the situation to identify environmental risks and “red flag” issues which may require immediate or specialised intervention, as well as to understand potentially associated environmental legal and permitting requirements, for the upgrade of the Robben Island diesel storage and dispensing infrastructure.</i>	
2012	Lagoon Management Plan for the Le Morne Cultural Landscape	Le Morne Heritage Trust Fund (LMHTF)

## COMPLETED PROJECTS, 2010 - 2019

YEAR	CONSULTATIONS	CLIENT
	<i>The Lagoon Management Plan for the Le Morne Cultural Landscape aims to develop a management plan for lagoon for the marine component of the Le Morne Cultural Landscape (LMCL) as inscribed in the World Heritage List. This management plan briefly describe the ecological aspects of the lagoon and associated marine systems, the effects of human actions in the terrestrial environment on the lagoon systems and provide guidelines and protocols that can be applied to safeguard the welfare of the lagoon system and the natural and cultural heritage assets that it contains.</i>	
2012	Environmental Impact Assessment (EIA) Regulations, 2010 Training	Prestige Consulting
	<i>Prepare course training materials and conduct Environmental Impact Assessment (EIA) Regulation 2010 training.</i>	
2012	Development of the 2 <sup>nd</sup> Integrated Conservation Management Plan (ICMP) for Robben Island Museum (RIM)	Robben Island Museum (RIM)
	<i>Development of the 2<sup>nd</sup> Integrated Conservation Management Plan (ICMP) for Robben Island Museum (RIM).</i>	
2012	/Ai - /Ais Richtersveld Transfrontier National Park Heritage Survey	/Ai - /Ais Richtersveld Transfrontier National Park
	<i>Develop a Heritage Inventory for /Ai - /Ais Richtersveld Transfrontier National Park.</i>	
2012	Review and Rewriting of the Conservation Management Plan (CMP) for Baboon Point Provincial Heritage Site (PHS)	Heritage Western Cape (HWC), South Africa
	<i>Review and Rewriting of the existing CMP of the Baboon Point Provincial Heritage Site.</i>	

## COMPLETED PROJECTS, 2010 - 2019

YEAR	CONSULTATIONS	CLIENT
2012	Preparation of the required documentation for submission to UNESCO for the nomination of the ‡Khomani Cultural Landscape as a World Heritage Site	!Ae!Hai Kalahari Heritage Park in collaboration with Peace Parks Foundation
	<i>The objective of the assignment is to coordinate and manage the nomination process and the drafting of a nomination dossier in the required format for submission to UNESCO for assessment for the proposed ‡Khomani Heartland WHS.</i>	
2012	Draft and Construct a Multifaceted Community Development and Land Acquisition Plan (CDLAP) for the Ebenhaeser Land Claim	Department of Rural Development and Land Reform (DRDLR), South Africa
	<i>Draft and Construct a Multifaceted Community Development and Land Acquisition (CDLAP) for Ebenhaeser Land Claim that consists of two main integrated components which are the Land Acquisition Plan (LAP) and the Community Development Plan (CDP).</i>	
2012	Marine and Coastal Environment Management Project (MACEMP)	Global Environment Facility (GEF)
	<i>The objective of MACEMP is to strengthen the sustainable management and use of Tanzania's Exclusive Economic Zone (EEZ), territorial seas, and coastal resources resulting in enhanced revenue collection, reduced threats to the environment, better livelihoods for participating coastal communities living in the Coastal Districts, and improved institutional arrangements. The work involves conducting a study on the Legal and Institutional Framework for the effective management of Marine Managed Areas in Mainland Tanzania and Zanzibar.</i>	
2012	Undertake a Baseline Study on the National Khoisan Heritage Route	Department of Arts and Culture, South Africa

## COMPLETED PROJECTS, 2010 - 2019

YEAR	CONSULTATIONS	CLIENT
	<i>Conduct a full investigation of the identified heritage sites in all nine provinces of South Africa to form a National Khoisan Story and Route.</i>	
2012	Environmental Applications for the South Africa National Blood Service (SANBS) for the existing Constantia Kloof facility located in Roodepoort in Gauteng Province	South African National Blood Service (SANBS)
	<i>The work involves conducting a Basic Assessment Environmental Impact Assessment (EIA) process, as per EIA Regulations 2010 and involves compilation and submission of Waste Licence Application, Water Use Licence Application, and Application for Environmental Authorisation, Basic Assessment Report, public participation processes, and Environmental Management Program.</i>	
2011	Development of a Human Development Framework and Guideline for Local Government	University of the Western Cape Social Law Project / South African Local Government Association (SALGA)
	<i>Provision of technical support in the development of a Human Development Framework and Guideline for Local Government in South Africa. The outcomes included guidelines for designing strategies, preparing a municipal Human Development Strategy, planning initiatives, implementation and monitoring and evaluation frameworks. The final deliverables also included an annotated bibliography.</i>	
2011	Waste Licence Application for the South African Blood Service (SANBS) for the existing facility located in Pinetown in the KwaZulu-Natal Province	South Africa Blood Service (SANBS)

## COMPLETED PROJECTS, 2010 - 2019

YEAR	CONSULTATIONS	CLIENT
	<i>The work involves conducting a Basic Assessment Environmental Impact Assessment (EIA) process, as per EIA Regulations 2010 and involves compilation and submission of Waste Licence Application, Basic Assessment Report, public participation processes, and Environmental Management Program.</i>	
2011	Environmental and Waste Screening Assessment for the South African National Blood Service (SANBS) of the existing facility located in Roodepoort in the Gauteng Province	South African National Blood Service (SANBS)
	<i>The screening involved a comprehensive understanding of the existing facility, a preliminary assessment of the existing baseline environmental conditions, assessment of potential impacts, and assessment of all the necessary legal requirements in terms of environmental management acts and legislation.</i>	
2011	Screening Assessment for the Expansion of the existing facilities of the South African Blood Service (SANBS) facility located in Pinetown in the KwaZulu-Natal Province	South African Blood Service (SANBS)
	<i>The screening involved a comprehensive understanding of the existing facility, a preliminary assessment of the existing baseline environmental conditions, assessment of potential impacts, and assessment of all the necessary legal requirements in terms of environmental management acts and legislation.</i>	
2011	Tropical Forests under threat: Voices from the Baka	World Bank
	<i>The work involved the development of a 26 min and 12 minutes short film focusing on adaptation and resilience of indigenous forest communities to ecosystem change – the case of the Baka pygmies in South-</i>	

## COMPLETED PROJECTS, 2010 - 2019

YEAR	CONSULTATIONS	CLIENT
	<i>Eastern Cameroon.</i>	
2011	Stakeholder Capacity Development Needs Assessment in Climate Change Adaptation - Lesotho	Ministry of Natural resources through Africa Adaptation Programme (AAP) Lesotho
	<i>The contract involved an analysis of stakeholder capacity needs to adapt to climate change impacts. The key outcome of the consultation was a stakeholder capacity development plan for adaptation to climate change.</i>	
2011	Provision of technical support for development of a diversified project concept towards a sustainability strategy and action plan for the implementation of Integrated Coastal Management (ICM) along the Namibian coast	NACOMA/MET/World Bank
	<i>Facilitate the process of assessing institutional, financial, and environmental and knowledge sustainability of NACOMA's current interim operations through a participatory manner; and draft a sequential and easily implementable sustainability strategy and action plan.</i>	
2011	Development of a Policy Brief on Observations of Environmental Change in South Africa	South African Observation Network (SAEON)
	<i>Development of a policy brief highlighting the key policy implications contained in the publication Observations of Environmental Change in South Africa. The task involved the review of the publication and translation of key scientific findings into clear policy recommendations for communication to decision makers.</i>	
2011	Nomination of the Mulanje Mountain Forest Reserve as a World Heritage Site	Mulanje Mountain Conservation Trust
	<i>Prepare dossier to propose Mulanje</i>	

## COMPLETED PROJECTS, 2010 - 2019

YEAR	CONSULTATIONS	CLIENT
	<i>Mountain as a World Heritage Site (WHS).</i>	
2011	Identification and development of a tourism route for the Bojanala Platinum District Municipality	Bojanala Platinum District Municipality
	<i>Identify four potential tourism routes of which two will be developed. Gain endorsement by the majority of role players along each tourism route, establish a route forum of product owners and work with them to develop the route. Develop branding along the route.</i>	
2011	Screening assessment for the expansion of the existing facilities at SANBS	South African National Blood Service (SANBS)
	<i>Conducted a screening assessment as the first phase of an EIA for the existing facilities at the Pinetown facility located in Kwa-Zulu Natal. Work involved evaluating the site for potential environmental and hazardous waste impacts and identifying areas of non-compliance. Conducted meetings with provincial environmental and waste authorities and identified the best means forward to obtain legal compliance.</i>	
2011	Reef and Marine Recreation Thematic Area of the Collaboration Action for Sustainable Tourism (COAST)	United Nations Industrial Development Organization (UNIDO)
	<i>The COAST Project aims to support the conservation of globally significant coastal and marine ecosystems and associated biodiversity in sub-Saharan Africa, through the reduction of the negative environmental impacts which they receive as a result of coastal tourism. The work involves implementation of the third thematic area which is the Reef and Marine Recreation Management component.</i>	
2011	Development of Waste Management Systems masters course and Water	Hamdan Bin Mohammed E-University, Dubai

## COMPLETED PROJECTS, 2010 - 2019

YEAR	CONSULTATIONS	CLIENT
	Resource Management masters course	
	<i>Developed lecture notes, presentations, discussion topics and examination questions for an on-line master level course as part of the Masters of Science: Excellence in Environmental Management programme.</i>	
2011	Development of Environmental Risk Management masters course and Environmental Management Systems masters course	Hamdan Bin Mohammed E-University, Dubai
	<i>Developed lecture notes, presentations, discussion topics and examination questions for an on-line master level course as part of the Masters of Science: Excellence in Environmental Management programme.</i>	
2011	Scoping and Preliminary Environmental and Social Risk Assessment for GS Cimentos Cement Factory and Limestone mine	GS Cimentos, SARL; and Coastal and Environmental Services
	<i>Work involved assessment of the social situation. Conducting the social assessment, supporting the preparation of the scoping report and conducting the EPDA disclosure for the affected community due to the development of a limestone mine, as well as stakeholder consultation and information dissemination.</i>	
2010	Development Plan for the Aapravasi Ghat World Heritage Site	Aapravasi Ghat Trust Fund, Mauritius
	<i>Examine Planning Policy Guidance (PPG), clarify issues, make recommendations to the Ministry of Arts and Culture, assist AGTF in providing information on heritage economics and overall implications resulting from the implementation of the Planning Policy Guidance, and make a presentation to members of the Cabinet of</i>	

## COMPLETED PROJECTS, 2010 - 2019

YEAR	CONSULTATIONS	CLIENT
	<i>Mauritius.</i>	
2010	Development of a full proposal for Multi-Purpose Resource Centres in RAs Mkumbuu, Pemba	Danida and the Ministry of Health and Welfare, Zanzibar
	<i>Develop a full proposal for the construction of two Multi-Purpose Resource Centres for two rural communities at Ras Mkumbuu in Pemba.</i>	
2010	Development of Biodiversity Indicators and Monitoring Support System for Namibia	SPAN/Ministry of Environment and Tourism (MET) /UNDP, Namibia
	<i>This consultancy focuses on developing two sets of indicators - national and park-level indicators, developing an information system to support these and assess local level capacity, developing training recommendations and the production of a training manual and its implementation.</i>	
2010	Development of Environmental Economics masters course and Environmental Communication masters course	Hamdan Bin Mohammed E-University, Dubai
	<i>Developed lecture notes, presentations, discussion topics and examination questions for an on-line master level course as part of the Masters of Science: Excellence in Environmental Management programme.</i>	
2010	Cultural Landscape Mapping	Le Morne Heritage Fund, Mauritius
	<i>The projects includes mapping of cultural sites within and around the Le Morne Cultural Landscape. It provides a baseline of the significant cultural sites that should be considered in the Spatial Development Framework for the area and some trails that can be used in the Local Development Plan for tourism and other activities.</i>	
2010	Local Economic Development Plan	Le Morne Heritage Fund,

## COMPLETED PROJECTS, 2010 - 2019

YEAR	CONSULTATIONS	CLIENT
		Mauritius
	<i>The project involves stakeholder participation to obtain the vision of the community within and around the Le Morne Cultural Landscape. It also includes the aspirations and needs of the communities and provides a framework for which future projects can be funded and implemented.</i>	
2010	Friemersheim Land Tenure Reform Project in South Africa	Department of Land Affairs, South Africa
	<i>The project includes land ownership issues, including transfer of land, status of ownership, land use planning, and propose suitable landholding options for the lands held in trust by the DLA. The work involved considerable interaction with stakeholders, archival research and land use planning.</i>	
2010	General Facilitator for the preparation of a National Policy for Maurice Ile Durable	Government of Mauritius and the United Nations Development Programme (UNDP)
	<i>General facilitation of the National Policy for a Sustainable Mauritius includes facilitation of meetings, consulting with a wide range of parties, reviewing specialist studies, and writing the Green Paper.</i>	
2010	Preliminary Environmental Impact Assessment for bridge over the river Muira - Tete	BETAR Consultores Ltda.
	<i>The project includes a baseline study of the physical and social issues of the area in the river Muira where the possible bridge would be constructed. This work involved the identification of the physical and natural factors that could impede the construction of the bridge.</i>
